

“\$24 for '24 — MAKE IT MONTHLY!”

What does this mean?

We are mounting a year-long campaign. The goal is to increase the number of Jackson County donors who contribute monthly to our local Democratic Party.

THE CAMPAIGN IS CALLED “\$24 for '24” (2024)

You may be surprised to know that only 10 people donate on a regular monthly basis to the Party. When you consider there are 8,466 registered Democrat voters, you will understand why we are asking for your help. We are certain help is out there.

We are facing one of the most challenging election years we have ever experienced. 2024 is going to be a fight to the finish. Every race, be it county, district, state or national, will be contested.

Your donations will be used 100% locally to pay for Headquarters' expenses like rent, electricity, and Wi-Fi, along with insurance, supplies, mailings, and website costs, etc. Donations will support our precincts in activities that help get voters to the polls. We'll use ads in local media to get our message and information to thousands of residents.

This all takes money. Your donation of \$24 per month, for 12 months, can make this possible. Please consider becoming a new monthly donor!

It's easy to contribute online —just visit our online webpage:

www.jacksondemocrats.com

Select “Donate” then “Other” and enter “\$24” + “Monthly”.

(Of course, you can always donate more if you choose.)

No Internet? No problem! You can set up a monthly draft at the banking institution of your choice and have it mailed to the JC Democratic Party. Personal checks work too.

Please Do it Today!
